Proposal for the Membership Fees 2011

Proposal by the Executive Committee

Following the ISTA Constitution, Article XI (c), the annual subscription for Members and the additional fee for accredited laboratories shall be determined annually at an ordinary meeting of the Association.

Notifications of proposals to change the rate of annual subscriptions shall be sent to the Designated Authorities and Members of the Association at least two months prior to an ordinary meeting

At its last meeting, the ISTA Executive Committee discussed and evaluated the financial situation of the Association.

The Executive Committee of ISTA is proposing to the Designated Members entitled to vote on behalf of their respective Government not to increase any of the membership fees or the additional fee for an accredited laboratory for the calendar year 2011.

The proposal is oriented on the fact that for 2009 there was no inflation in Switzerland as defined by the Federal Institute of Statistics of Switzerland.
