

COMMITTEE MEMBERSHIP LIST		
Name:	Country	Active since
CHAIR: Ruud Barnhoorn	Netherlands	2019
VICE CHAIR: Stephan Brière	Canada	2018
VICE CHAIR: Isabelle Serandat	France	2019
Ilaria Alberti	Italy	2011
Angela Thuringer	Austria	2025
Gary Monkvold	USA	
Rosa Piña González	Chili	2016
Dorota Szopinska	Poland	
Xiulan Xu	China	2017
Marian McEwan	Scotland	2019
Kohei Osaki	Japan	2019
Mahesh Basavana	India	2021
Luciana Ferrand	Argentina	2022
Nagamani Sandra	India	2023
Shih-Min Su	S.C.T. of Taiwan, Penghu, Kinmen and Matsu	2023
ECOM liaison officer: Craig R McGill	New Zealand	
A. RULES DEVELOPMENT		
A1. Introduction of New Methods		
Method name	proposed	Collaboration
subject	finalisation	
<i>Fusarium graminearum</i> , <i>F. langsethiae</i> , <i>F. culmorum</i> , <i>F. poae</i> ... – Cereals new method	2026	GEVES, SASA
<i>Tilletia spp</i> on wheat seed	2027	GEVES, SASA
<i>Pseudomonas syringae</i> pv. <i>glycinea</i> on Soy-bean	2027	ISU-GEVES
Botrytis cinerea on hemp seeds	2026	CREA
Start development of inclusion of rules on field crops (corn, sunflower and soybean)	2026-2028	All
Prospecting and development of methods for seed borne viral diseases in soybean, tomato and cowpea crops	2026-2028	Nagamani S.
A3. Introduction of Rules Changes		
PCR detection of <i>L. maculans</i> by PCR (7-004)	2026	CFIA
Addition of <i>Boeremia linicola</i> and <i>Fusarium spp.</i> To rule 7-007. And do a whole validation of all 5 pests together according to ISTA validation criteria	2027	GEVES
Addition of process flows to all rules	2026	SHCOM
Yearly check for taxonomical name changes	2025-2028	SHCOM
<i>A.besseyi</i> .Modification of the extraction step and PCR confirmation added (7-021)	2027	GEVES
B. PUBLICATIONS		
B1. Publication to accompany the rules		
Publication title	Proposed finalisation	Collaboration
Seed Health Handbook	2025 (just Available)	SHCOM
Guideline for execution of a regional CT's	2028	SHCOM

Update the Organizing and analysing results of the Seed Health Proficiency Tests document with the new Stats tool for homogeneity	2027	SHCOM
Update the Validation methods and organization and analysis of results of CTs document	2026	SHCOM, GEVES
C. WORKSHOPS AND SEMINARS		
C1. Training and education workshops		
Workshop subject	proposed	
location	finalisation	collaboration
Seed health symposium and practical's, Canada	2026	SHCOM, SGS, CFIA
Introduction to the use of Statistics in organising a CT, France (ISHI-meeting)	2026	SHCOM, StatCOM, ISF
The use of statistics in SH testing, TBA	2027	SHCOM, StatCOM
Workshop Seed Health, Angers (FR)	2027	SHCOM, Geves
C2. seminars		
Seminar subject	proposed	
location	finalisation	collaboration
APS Developing & Validating Seed Health Assays Course, online webinar	2025	APS, SHCOM and ISHI
D. Proficiency tests		
Proficiency test subject	proposed	collaboration
location		
7-024 Pea viruses	2027	Naktuinbouw
7-001a,b <i>Alternaria Dauci</i>	2025 report in progress	GEVES
7-002a,b <i>Alternaria Radicina</i>	2025 report in progress	GEVES
7-022 <i>Micrdochium</i>	2026	SASA
7-011 <i>Pyricularia oryzae</i>	2027	TSIPS
7-025 <i>Aphelenchoides besseyi</i>	2028	TSIPS
7-013a,b <i>Ustilago nuda</i>	2027	CFIA
7-007 Linum (3 pathogens)	2026	GEVES
7-005 <i>Ascohyta pisi</i>	2026	GEVES
7-010 <i>Dreschlera oryzae</i>	2027	CREA
7-011 <i>Pyricularia oryzae</i>	2027	CREA
7-012 <i>Alternaria padwickii</i>	2027	CREA
7-014 <i>Parastagonospora nodorum</i>	2026	CREA
E.		
F. Special projects		
Project title / subject	proposed	collaboration
ISTA Reference Pest List: continue to finalize the project	2025-2027	GEVES, SHCOM
Seed Health image database: adding and reviewing new input	2025-2028	SGS, SHCOM, reviewers working group
Insect detection/identification in seed policy formulation	2026	ATC, SHCOM, ECOM
Prospecting project into the need for and presence of SH test methods in Tree seeds	2025-2028	T&SCOM, SHCOM
SH accreditation systemology 2.0	2025-2028	AUDITCOM, ECOM, SHCOM
